Objective

ዓላማ

The parent's blessing is a very important part of life. The good words that come out of a parent makes a big difference down the road for years to come.

A parent who always speaks highly of their child ends up being a successful and happy child.

A cursed child will likely be a problem adult.

In this book, children can read how some issues are discussed with parents. Parents can read them too.

Most of the information in the book is my understanding of life. There could be different ways of explanation by other people or sources.

Reader **discretion** is advised.

These are non-referenced ideas based solely on the understanding I learned from different times and places in my life. They cannot be a reference for school unless supplemented by reputable sources.

Where ever you were born, where ever you grow up

Where ever you are now cannot change.

Just do your best each day.

The future will be fine byitself.

Tebq Melese

Tebq was born on the twenty-third day of January 1976.

It was his sister's wedding day. His original name was Fiesta because he was born on a party day. At the age of seven, he started looking after cows, donkeys, goats, and sheep. He was a good shepherd to the point of changing his name to be the keeper (Tebiq). When it rained, he used a grass cover. When he was eight years old, a plastic poncho was bought for him. It was an upgrade as it is less heavy when wet. He learned Amharic at home. He entered the second grade at the age of nine. He always reads because he is afraid that education will be difficult for him. He works, reads, works, and reads.

He completed elementary, and high school school while helping at home. Without knowing he ended up to be a doctor.

This was his mother's advice

"If you are a good person, everyone will love you even if you don't do anything for them"

He came to America in 2004.

He is now a medical doctor but has a love of teaching Amharic.

His advice.

" If you worry, you will work hard. If you work hard you will be successful. If you are successful people love you for no reason"

The boy with the pant

Molla was born into a humble farming family in Ethiopia. After twenty years in America, he had built a new life, but his values remained deeply rooted in tradition.

His eldest child, Bieza, was a respectful and well-mannered girl. She carried herself with grace, wearing her long traditional dresses and styling her hair neatly. Abel, his younger son, embodied modernity—more attached to his iPhone than to family conversations. His sagging pants and visible underwear frustrated his father.

Whenever Molla tried to advise Abel, he would begin, "When I was your age, I was watching cattle and helping on the farm." But Abel had no interest in listening.

Unable to tolerate the sagging pants any longer, Molla devised a plan. One day, he walked around the house with his own pants sagging, imitating his son.

Abel looked up, stunned. Embarrassed by the sight, he blurted out, "I didn't know it looked this bad!" He apologized and started dressing more appropriately.

The way you present yourself matters—dressing with care reflects self-respect and dignity.

Write about your normal and modern dress code differences.

አንድ ቀን አንዲት ራሷን የማትወድ ልጅ እግዚአብሔርን

እሷም ብዙ አሰበች። ሌላ ወላጆች ቢኖሩኝስ አለች ።

አይ ወላጆቸ ይሻሉኛል ብላ ወሰነች ።

ቆዳየ ሌላ ቀለም ቢሆንስ ብላ አሰበችና ይቅርብኝ አለች ።

ፀጉሬ ቢቀየርስ ብላ አሰበች። ቢቀየር ጥሩ አይደለም አለች።

ብታስብ ብታስብ እግዚአብሔርን የምትጠይቀው አጣች።

በል ደኅና ዋል አመሰግናለሁ ብላ እየተደሰተች ሄደች ።

በአላችሁ ደስተኛ ሁኑ።

The girl who talked to God

One day, a girl who felt unhappy with her appearance encountered God on the road. Seeing her sorrow, God paused and pondered how He might help.

"I will grant you anything you desire," He offered gently.

The girl considered many possibilities. She wondered, *What if I had different parents?* But as she reflected, she realized her parents were exactly who she needed.

She thought, *what if my skin color changed?* But deep down, she decided she was fine just as she was.

She imagined having hair like her friends, but none of their styles felt right for her. *Changing isn't always the answer,* she thought.

After much contemplation, she saw herself with fresh eyes and embraced what was already hers. Smiling, she thanked God and bid Him farewell—content, joyful, and at peace.

True happiness comes from appreciating what you already have.

Eskista Dance

As you grow, participating in religious and cultural gatherings becomes a meaningful part of life. Dancing at a wedding is not only acceptable—it's a joyful way to honor tradition. Ethiopian cultural dances are simple yet vibrant, allowing everyone to join in, regardless of experience.

While non-professional dancers may find the movements intimidating at first, the beauty of Ethiopian dance lies in its rhythm and collective spirit. By following the simple steps and letting go of hesitation, you can immerse yourself in this rich cultural experience.

At a wedding, hundreds of people move in their own unique way, each contributing to the celebration. Why not join them? Dive in, bring joy to the hosts, and savor the moment. These are life's special peaks—don't let them pass you by.

Pick one Ethiopian dance style, practice it frequently, and make it a regular part of your routine.

The boy who likes everything

There was a child named David loves to be everything.

He wants to be a soccer player; tennis player, basketball player, runner, and anything he sees.

He tried but didn’t do well in any of them as he is tired from too many activities. One day he asked his parents what was best for me. His parents were happy when he asked.

David is good at foot skills, so it's better if he plays soccer.

He was happy and did well after that.

Worqu and The Spirit

Worqu is so good at explaining about spirits (qole) as if he did a master's degree in it.

According to him, the number of qole colonies is equal to the number of people. The colonies are invisible. Human rule the day and they rule the night world.

The qoles have all the mighty skills and talents. In fact, the white men kidnapps them in barrels from Ethiopia to use them in running and flying cars (planes).

At night, he says you could hear the cries of the qole kids taking bath in the river pools. When it is midnight, they even turn on the lights.

ወርቂ እና ቆሌ

አንድ ቀን ማታ ከቤተሰቦቹ ጋር ሳይተኛ እኩለ ሌሊት ሆነ።

ከቤቱ ባሻገር የሚንቀሳቀስ መብራት አየ። ጠመንጃ አንሥቶ ተኮሰበት ።

መብራቱ መንቀሳቀሱን አላቆመም። ወርቂ አለ " ልክ ነኝ ሰይጣን ሥጋ ስለሌለው

ጥይቱ በሰውነቱ አልፎ ሳይገለው ይሄዳል።"

በነገታው የአጎቱን ልጅ መንገድ ላይ አገኘው። ማታ ወንዝ አካባቢ ያየውን

ማዉራት ሲጀምር የአጎቱ ልጅ እንዲህ አለ። እኔ ነበርኩ ወንዙ አካባቢ በባትሪ

የጠፋ አህያን ሳፈላልግ አደርኩ።

ወርቂ ባደረገው የተሳሳተ የቆሌ ታሪክ ችግር እንዳለው ተረዳ።

አእምሮ ሥራ ሲያጣ አላስፈላጊ ነገር ያስባል።

አእምሮን ለእውነት ለጥሩ ነገር እናውለው።

Worqu and The Ghost

One night when he was chatting with his family at midnight he saw a moving light across the river.

He picked up a gun and shot him. The light didn’t stop moving. Worqu said “I am right, as Qole doesn't have flesh the bullet pass through him”.

He met his cousin the next day. When he starts to talk about his qole talks, his cousin said “I stayed all night looking for my donkey with torch across the river “.

Worqu regretted all the false stories he was told could have almost costed his cousin life.

When the mind is idle, it thinks about unnecessary things.

Let's use our mind for truth and good.

Evil eye

It takes a village to raise a child.

It takes a village to destroy a child life.

If the villagers tell something again and again false story becomes a real story. One story that many people in the world believe is evil eye.

The story finds vulnerable one like a beautiful woman or a beautiful child.

If an evil person sees the victim crumbles and gets mentally sick.

Society names a group of people or

a specific person anointed as an

evil person by repetitive rumor.

A poisoned brain can do a lot of things.

When he was a child Albert Einstein got a compass gift from his father.

He started to wonder how it showed the Earth's North without touching the ground.

He kept on thinking and thinking to the point of being a super scientist.

If you want to be successful give more time of thinking and training.

Father and son

Molla was born in the countryside in Ethiopia.

He came to the United States and is raising lovely children. He always starts talking like

"In the good generation when we were in your age...........

We had to walk with friends for an hour one way. Stay for a four-hour half-day class.

After school, we had to help on the farm

If nothing to work we can wander with friends wherever we want."

On the other hand, his son lives the American children life.

Parents offer whatever being asked.

School hours are six hours. It is all siting in in the house, on the bus, and at school.

There is no much work after school.

የመንፈስ ጭንቀት አንድን ሰው ልብ ህመም የደም ግፊት እና

ጭንቀት እንዲታመም ያደርጋል።

ሁለት አህዮች ወይም ፈረሶች የእንቅልፍ ቦታቸውን ሲያዘጋጁ

በተቃራኒ አቅጣጫዎች ይቆማሉ።

አንዱ ይሌላውን ጀርባ ይጠብቃል።

ወደ አዲስ ቦታዎች ወይም ኮሌጅ ስትሄዱ አደጋ ሊኖር

ይችላል። አንዳንድ ክፉ ሰዎች አሉ።

ሁላችንም ጀርባችንን የሚመለከት ጓደኛ ያስፈልገናል።

Friends

Animals stick together.

Being lonely makes animals depressed and vulnerable to predators.

Depression makes a person to have heart disease, hypertension, and depression

When two donkeys or horses set up their sleep, they stand in opposite directions so one looks the other back.

When going to new places or college there could be a danger.

Some evil people harm vulnerable ones.

We all need to have friends who watch our back

Learn from others' scar

They say whoever sees AlTash's scar will not play with fire.

Sometimes we get excited for adventure.

But it could be a dangerous adventure.

For example, if you see a teenage pregnancy you don’t need to try it.

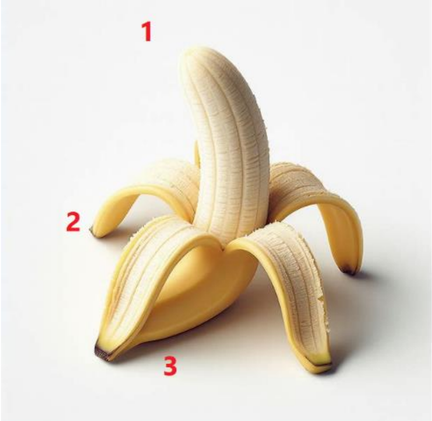
Peeling Banana with Style

You will be judged by the way you respect food.

The way you handle food speaks of your behavior.

The way you pick the food.

The way you chew.



How you talk when eating speaks also speaks of your personality.

God packaged the banana so cleanly that you should not touch the inside with your hand when you eat.

Start by peeling on 1 then peel down through 2 continue while holding on 3.

All the peels should stay connected at 3 when trashed.

You see even a monkey can do it

የፍራፍሬ ዝንብ ወጥመድ

ጥሩ የፍራፍሬ ዝንብ ማባረሪያ ዘዴ ገበያ ላይ የለም።

የምታደርጉት ይህ ነው።

የመስታወት ጠርሙስ ወይም የአበባ ማስቀመጫ እሠሩ።

ውኃ ፣ ስኳር እና ሎሚ ከግማሽ በላይ ሙሉት ።

በፕላስቲክ ፎይል ሸፍኑት

የላይኛውን ፎይል በተለያዩ ቦታዎች ላይ በቢላዋ **ጫፍ** ብሱት።

ወደ ውስጥ ለመንሸራተት ቀላል ስለሆነ ይገባሉ።

ነገር ግን ወደ ላይ ተገልብጠው መብረር ስለማይችል ዝንቦች

Fruit fly trap

There is no killer spray for fruit flies.

This is what you do.

Get a glass bottle or vase.

Fill with water to more than half.

Add sugar and sliced lemon. Cover with plastic foil

Poke the top foil with a knife **tip** at different spots.

The flies get in as it is easy to slide inside but can't fly out upside down.

They have a smaller brain than you. Prove it by traping them.

የኢትዮጵያ ምግብ ሽታ

የኢትዮጵያ ምግብ በጣም የተራቀቀ ነው።

በጣም ጣፋጭ እና ለጤና ተስማሚ ነው።

ቅመማ ቅመሞች እንደመድኃኒት በክኒን ይሸጣሉ።

ግን አንድ ችግር አለ።

ምግብ ለማብሰል ብዙ ጊዜ ይወስዳል

ቤት ውስጥ፣ ልብስ ወይም እጅ ላይ ሽታው ይቆያል።

የታሸገ ምግብ ከመብላት ወይም ክኒን ከመዋጥ በጥሩ ምግብ በሽታ

መከላከል ይሻላል።

ልብስ ሽታ ማይደርስበት ቦታ ማድረግ

ወደ ውጭ ከመዉጣት በፊት ደጋግሞ እጅን መታጠብ ወይም በሹካ

መብላት ።

ጥሩ ምግብ ጥሩ ሰውነት!

Ethiopian food smell

Ethiopian food is very sophisticated. Very tasty and healthy. There are pills to replace the spices.

But there is one problem

The long hours of cooking make smell over clothes and hands.

It is better to find a way to deal with smell than eat junk food or tasteless pills

You can hide your clothes in tight closets

Wash your hands multiple times before leaving.

If you don’t have good soap, eat with a fork

Good food makes a good body.
